

VYTAL HOUSE BUSINESS PLAN

Recharge. Recover. Evolve.

Draft operating plan | June 19, 2026 | Professional review required

Executive Summary

VYTAL House is a premium recovery and wellness club for high-performance members in Maryland. The concept combines clinical-grade recovery modalities, a recurring membership model, concierge operations, and a dark cinematic lounge experience.

- Brand: VYTAL House only.
- Owners: Chauncey Gardner and Kathy Ha.
- Promise: Recharge. Recover. Evolve.
- Guardrails: no live payments, no protected health information, no vendor sending, and no legal filing without explicit approval.

Market Positioning

Dimension	Plan
Category	Recovery, longevity, and wellness club
Primary users	Founders, artists, athletes, executives, wellness clients, and recovery-focused members
Differentiator	Design-forward facility, recurring membership revenue, clinical oversight, and high-touch concierge flow
Experience	Private, cinematic, quiet, and operationally controlled

Services

Service	Commercial Role	Control Gate
Hyperbaric Oxygen Therapy	Anchor clinical recovery modality	Clinical protocol review
IV and NAD+ Lounge	Premium treatment lane	Medical director and pharmacy review
Red Light Therapy	Photobiomodulation and recovery	Protocol and claims review
Cryotherapy	Cold exposure lane	Safety and waiver review
Sauna and Cold Plunge	Thermal contrast suite	Operations and maintenance review
Float and Dry Float	Restoration and stress relief	Operations review
Compression and Recovery Zone	Member utilization and retention	Staff training review

Membership Model

Tier	Price	Projected Members	Projected MRR	Includes
Core	\$299/mo	150	\$44,850	Red light, compression, recovery lounge, education
Elite	\$599/mo	100	\$59,900	Unlimited recovery services, monthly IV/NAD+ credit, booking priority
Black	\$1,499/mo	50	\$74,950	Concierge scheduling, quarterly labs, peptide optimization, VIP access

Financial Baseline

- Target membership revenue: \$179,700/month at the modeled tier mix.
- Additional revenue lanes: IV/NAD+, peptides and hormone programs, float sessions, cryotherapy, sauna/cold plunge, compression, events, and retail.
- Startup cost planning range: \$750,000 to \$1,800,000 depending on lease terms, tenant improvements, equipment mix, staffing, launch marketing, and working capital.
- All financial assumptions require accountant, tax, lending, and securities review before investor or lender use.

Execution Roadmap

Phase	Priority	Owner Role	Gate
Lease and due diligence	Confirm site, zoning, utilities, and tenant improvement terms	owner	Legal and lease review
Medical structure	Define clinical roles, protocols, consent, and pharmacy workflows	clinical	Medical counsel approval
Vendor procurement	Request quotes, install needs, warranties, and maintenance terms	operations	Owner quote approval
Digital platform	Launch website, member app, admin, vendor CRM, and source-backed content	admin	Quality score >= 97
Founder launch	Prepare presale material and social calendar	marketing	Claims and payment approval
Controlled opening	Open with a limited member cohort and track utilization	operations	Staff and compliance readiness

Source Appendix

- Oxycell, Hyperbaric Pro, Oxynergy, TrueREST, VacuActiv, Eleve, and Awesome Design MD are used as reference inputs, not endorsements.
- Maryland Business Express and Maryland SDAT sources are used for formation workflow planning.
- HHS HIPAA guidance is used as a privacy planning reference. The prototype does not collect PHI.
